Laboratorium Pieśni

Song Laboratory from Gdansk, Poland

Start your weekend afresh by experiencing deep relaxation through music.

Lie down and become bathed in sound.

Share your immersion with intuitive singing, shaman drum, violin, singing bowls, shruti box, koshi and more.

This music meditation, a magical ceremony of primeval songs, will give you the power to open your heart and rid yourself of all your tensions.

Friday 14 September 8-9pm
